

## Another innovation from Texas811!

We're making sure it's easy for every Texan to request a line locate. We know that most damages occur when the excavator fails to get their lines marked before digging. Most contractors are familiar with the 811 system and understand its importance. But making sure every homeowner knows about 811 is a work in progress.

The Texas811 Homeowner Portal, and the marketing plan that accompanies it, is an important part of this process. Homeowners can now make their line locate requests online and at their convenience. Designed in a simple question and answer format, the Homeowner Portal guides the user through the process step by step.

If you'd like to see for yourself ...

1. Go to the Texas811 website [www.Texas811.org](http://www.Texas811.org).
2. Click on Homeowner in the blue navigation bar below the Texas811 logo.
3. Click on the Homeowner Portal logo in the center of the screen.
4. Follow the step-by-step instructions. In just a few minutes, your request will be complete!

But please **DO NOT SUBMIT** the ticket unless you really are requesting a line locate!

As your partner in Damage Prevention, Texas811 is constantly looking for ways to make sure there is a line locate request for every excavation in Texas.

At Texas811, we're in it with you.
